3. DETAILS OF THE OFFER

3.1 Offer

By this Prospectus, the Company offers for subscription approximately 31,250,005 new Shares and approximately 31,250,005 Options pursuant to a pro-rata non-renounceable entitlement issue to Shareholders of one (1) new Share for every one (1) Share held on the Record Date at an issue price of 8 cents per Share together with one (1) attaching Option for every one (1) Share issued.

The Options will be exercisable at 20 cents each on or before 30 December 2009 and will otherwise have the same terms and conditions as those Options currently on issue.

Based on the capital structure of the Company (and assuming no existing Options are exercised prior to the Record Date), the maximum number of Securities to be issued pursuant to the Offer is approximately 31,250,005 Shares and 31,250,005 Options. The Offer will raise approximately \$2,500,000. The purpose of the Offer and the use of funds raised are set out in Section 4 of this Prospectus.

Holders of Options will not be entitled to participate in the Offer. The Company currently has 14,250,000 Options on issue which may be exercised by the Option holder prior to the Record Date in order to participate in the Offer.

3.2 How to Accept the Offer

Your acceptance of the Offer must be made on the Entitlement and Acceptance Form accompanying this Prospectus. Your acceptance must not exceed your Entitlement as shown on that form. If it does, your acceptance will be deemed to be for the maximum Entitlement.

You may participate in the Offer as follows:

- (a) if you wish to accept your Entitlement in full:
 - (i) complete the Entitlement and Acceptance Form, filling in the details in the spaces provided; and
 - (ii) attach your cheque for the amount indicated on that relevant Entitlement and Acceptance Form; or
- (b) if you only wish to accept part of your Entitlement:
 - (i) fill in the number of Securities you wish to accept in the space provided on the Entitlement and Acceptance Form; and
 - (ii) attach your cheque for the appropriate application monies (at 7 cents per Share and 1 cent per Option); or
- (c) if you do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

All cheques must be drawn on an Australian bank or bank draft made payable in Australian currency to "Windy Knob Resources Limited – Entitlement Offer Account" and crossed "Not Negotiable".

Your completed Entitlement and Acceptance Form and cheque must reach the Company's share registry no later than 5pm WST on the Closing Date.

The Offer is non-renounceable. Accordingly, a Shareholder may not sell or transfer all or part of their Entitlement.

3.3 Minimum Subscription

The minimum subscription in respect of this Offer (and the Shortfall offer) is \$1,250,000 to be received on or before the Closing Date.

No Shares will be allotted or issued until the minimum subscription has been received. If the minimum subscription is not achieved on or before the Closing Date, all application monies will be refunded in accordance with the Corporations Act.

3.4 No rights trading

The rights to Securities under the Offer are non-renounceable. Accordingly, there will be no trading of rights on the ASX and you may not dispose of your rights to subscribe for Securities under the Offer to any other party. If you do not take up your Entitlement under the Offer by the Closing Date, the Offer to you will lapse.

3.5 Not Underwritten

The Offer is not underwritten.

3.6 Manager to the Offer

ACNS Capital Markets Pty Ltd trading as Alto Capital (**Alto Capital**) has been named Manager to the Offer.

As Manager to the Offer, the role of Alto Capital may include the following primary tasks:

- (a) assisting the Company with the completion of the Offer;
- (b) assisting with the communications strategy in relation to the Offer; and
- (c) providing such other assistance to the Company with the Offer as agreed from time to time.

Alto Capital will receive a fee of \$50,000 (plus GST) with respect to the performance of its services as Manager to the Offer. Alto Capital will also be entitled to receive a fee of 5% (inclusive of GST) of amounts subscribed in respect of any valid Entitlement and Acceptance Forms and Shortfall Application Forms lodged and accepted by the Company and bearing the stamp of Alto Capital. Assuming that the Company receives the full subscription of \$2,500,000 pursuant to this Prospectus, Alto Capital may receive a total fee of up to \$175,000.

3.7 Shortfall

Any Entitlement not taken up pursuant to the Offer will form the Shortfall. The Directors reserve the right to issue Shortfall Shares and Options at their absolute discretion. Accordingly, Shareholders who may wish to subscribe for the Shortfall are invited to complete the Shortfall Application Form accompanying this

Prospectus and return it to the Company together with a cheque for the value of the Shortfall.

The Directors reserve the right to allot to an Applicant a lesser number of the Shortfall than the number for which the Applicant applies for on their Shortfall Application Form, or to reject an application, or to not proceed with placing the Shortfall.

The offer of any Shortfall is a separate offer made pursuant to this Prospectus and will remain open for three (3) months following the Closing Date or such other date as the Directors may determine in their absolute discretion. The issue price of any Shortfall Shares shall be 8 cents together with an attaching Option for every one (1) Share issued being the price and terms at which the Entitlement has been offered to Shareholders pursuant to this Prospectus.

3.8 Commissions Payable

The Company reserves the right to pay a commission of 5% (inclusive of GST) of amounts subscribed to any licensed securities dealers or Australian financial services licensees in respect of any valid Entitlement and Acceptance Forms and Shortfall Application Forms lodged and accepted by the Company and bearing the stamp of the licensed securities dealer or Australian financial services licensee. Payments will be subject to the receipt of a proper tax invoice from the licensed securities dealer or Australian financial services licensee.

3.9 Australian Securities Exchange Listing

Application for Official Quotation by ASX of the Shares and Options offered pursuant to this Prospectus will be made within 7 days after the date of this Prospectus. If approval is not obtained from ASX before the expiration of 3 months after the date of issue of the Prospectus, (or such period as modified by the ASIC), the Company will not issue any Shares and Options and will repay all application monies for the Securities within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant Official Quotation to the Shares and/or Options is not to be taken in any way as an indication of the merits of the Company or the Securities now offered for subscription.

3.10 Allotment of Shares and Options

Shares and Options issued pursuant to the Offer will be allotted as soon as practicable after the Closing Date. The Company will allot the Shares and Options on the basis of a Shareholder's Entitlement. Where the number of Shares and Options issued is less than the number applied for, or where no allotment is made, surplus application monies will be refunded without any interest to the applicant as soon as practicable after the Closing Date.

Pending the allotment and issue of the Shares and Options or payment of refunds pursuant to this Prospectus, all application monies will be held by the Company in trust for the Applicants in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

3.11 Overseas Shareholders

This Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

It is not practicable for the Company to comply with the securities laws of overseas jurisdictions having regard to the number of overseas Shareholders, the number and value of Securities these Shareholders would be offered and the cost of complying with regulatory requirements in each relevant jurisdiction. Accordingly, the Offer is not being extended and Securities will not be issued to Shareholders with a registered address which is outside Australia or New Zealand.

Shareholders resident in New Zealand should consult their professional advisors as to whether any government or other consents are required, or other formalities need to be observed, to enable them to exercise their Entitlements under the Offer.

3.12 Taxation Implications

The Directors do not consider that it is appropriate to give Applicants advice regarding the taxation consequences of applying for Securities under this Prospectus, as it is not possible to provide a comprehensive summary of the possible taxation consequences. The Company, its advisers and officers, do not accept any responsibility or liability for any taxation consequences to Applicants. Potential Applicants should, therefore, consult their own professional tax adviser in connection with the taxation implications of the Securities offered pursuant to this Prospectus.

3.13 Clearing House Electronic Sub-Register System (CHES) and Issuer Sponsorship

The Company will not be issuing share certificates. The Company will apply to ASX to participate in CHES, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHES will be issuer sponsored by the Company. Because the sub-registers are electronic, ownership of securities can be transferred without having to rely upon paper documentation.

Electronic registers mean that the Company will not be issuing certificates to investors. Instead, investors will be provided with a statement (similar to a bank account statement) that sets out the number of Shares and Options allotted to them under this Prospectus. The notice will also advise holders of their Holder Identification Number or Security Holder Reference Number and explain, for future reference, the sale and purchase procedures under CHES and issuer sponsorship.

Further monthly statements will be provided to holders if there have been any changes in their security holding in the Company during the preceding month.

3.14 Privacy Act

If you complete an application for Shares and Options, you will be providing personal information to the Company (directly or by the Company's share registry). The Company collects, holds and will use that information to assess your application, service your needs as a Shareholder, facilitate distribution payments and corporate communications to you as a Shareholder and carry out administration.

The information may also be used from time to time and disclosed to persons inspecting the register, bidders for your securities in the context of takeovers, regulatory bodies, including the Australian Taxation Office, authorised securities brokers, print service providers, mail houses and the Company's share registry.

You can access, correct and update the personal information that we hold about you. Please contact the Company or its share registry if you wish to do so at the relevant contact numbers set out in this Prospectus.

Collection, maintenance and disclosure of certain personal information is governed by legislation including the Privacy Act 1988 (Cth) (as amended), the Corporations Act and certain rules such as the ASTC Settlement Rules. You should note that if you do not provide the information required on the application for Shares, the Company may not be able to accept or process your application.

5. RIGHTS AND LIABILITIES ATTACHING TO THE SHARES AND OPTIONS

5.1 Terms of Shares

The following is a summary of the more significant rights and liabilities attaching to Shares to be issued pursuant to this Prospectus. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Full details of the rights and liabilities attaching to Shares are set out in the Company's Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

5.1.1 General Meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with Section 249D of the Corporations Act and the Constitution of the Company.

5.1.2 Voting Rights

Subject to any rights or restrictions for the time being attached to any class or classes of Shares, at general meetings of Shareholders or classes of Shareholders:

- (a) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (b) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (c) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for each Share held, but in respect of partly paid shares shall have a fraction of a vote equivalent to the proportion which the amount paid up bears to the total issue price for the share.

5.1.3 Dividend Rights

The Directors may from time to time declare and pay or credit a dividend in accordance with the Corporations Act. Subject to any special right as to dividends attaching to a share, all dividends will be declared and paid according to the proportion which the amount paid on the Share is to the total amount payable in respect of the Shares (but any amount paid during the period in respect of which a dividend is declared only entitles the Shareholder to an apportioned amount of that dividend as from the date of payment). The Directors may from time to time pay or credit to the Shareholders such interim dividends as they may determine. No dividends shall be payable except out of profits. A determination by the Directors as to the profits of the Company shall be conclusive. No dividend shall carry interest as against the Company.

The Directors may from time to time grant to Shareholders or any class of shareholders the right to elect to reinvest cash dividends paid by the Company by subscribing for Shares in the Company on such terms and conditions as the Directors think fit. The Directors may, at their discretion, resolve in respect of any dividend which it is proposed to pay or to declare on any Shares of the

Company, that holders of such Shares may elect to forgo their right to the whole or part of the proposed dividend and to receive instead an issue of Shares credited as fully paid to the extent and on the terms and conditions of the Constitution. The Directors may set aside out of the profits of the Company such amounts as they may determine as reserves, to be applied at the discretion of the Directors, for any purpose for which the profits of the Company may be properly applied.

5.1.4 Winding-Up

If the Company is wound up, the liquidator may, with the authority of a special resolution, divide among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders. The liquidator may, with the authority of a special resolution, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any Shares or other securities in respect of which there is any liability.

5.1.5 Transfer of Shares

Generally, Shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act and the Listing Rules.

5.1.6 Future Increase In Capital

The allotment and issue of any new Shares is under the control of the Directors of the Company. Subject to restrictions on the issue or grant of securities contained in the Listing Rules, the Constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the Directors may issue Shares as they shall, in their absolute discretion, determine.

5.1.7 Variation of Rights

Under Section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to Shares.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up, may be varied or abrogated with the consent in writing of the holders of three quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

5.2 Terms of Options

The material terms and conditions of the Options currently on issue and the Options to be issued pursuant to this Prospectus are as follows:

- (a) the Options will be exercisable at any time prior to 5.00pm WST on 31 December 2009 (**Expiry Date**). Options not exercised on or before the Expiry Date will automatically lapse;

- (b) the exercise price of each Option will be \$0.20 each;
- (c) the Options may be exercised wholly or in part by completing an application form for Shares (**Notice of Exercise**) delivered to the Company's Share Registry and received by it any time prior to the Expiry Date;
- (d) upon the exercise of an Option and receipt of all relevant documents and payment, the holder will be allotted and issued a Share ranking pari passu with the then issued Shares. The Company will apply to ASX to have the Shares granted official quotation;
- (e) a summary of the terms and conditions of the Options, including the Notice of Exercise, will be sent to all holders of Options when the initial holding statement is sent;
- (f) the Company will apply to ASX for the Options to be listed for official quotation. The Options are transferable at any time prior to the Expiry Date, subject to any restrictions that may be imposed by ASX;
- (g) any Notice of Exercise received by the Company's share registry on or prior to the expiry date will be deemed to be a Notice of Exercise as at the last Business Day of the month in which such notice is received;
- (h) there will be no participating entitlements inherent in the Options to participate in new issues of capital which may be offered to Shareholders during the currency of the Options. Prior to any new pro rata issue of securities to Shareholders, holders of Options will be notified by the Company and will be afforded 7 Business Days before the record date (to determine entitlements to the issue), to exercise Options;
- (i) in the event the Company proceeds with a pro rata issue (except a bonus issue) of securities to the holders of Shares after the date of issue of the Options, the exercise price of the Options will be adjusted in accordance with the formula set out in ASX Listing Rule 6.22.2;

6. RISK FACTORS

6.1 Introduction

The Options offered under this Prospectus are considered speculative, and involve investors being exposed to risk. The Directors strongly recommend potential applicants examine the contents of this Prospectus and consult their professional advisers before deciding whether to apply for Options pursuant to this Prospectus.

There are specific risks which relate directly to the Company's business. In addition, there are other general risks, many of which are largely beyond the control of the Company and the Directors.

The risks identified in this section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

Risks Specific to the Company

6.2 Exploration Success

The Company's tenements are at various stages of exploration, and potential investors should understand that mineral exploration and development are high-risk undertakings.

There can be no assurance that exploration of the Company's tenements, or any other tenements that may be acquired in the future, will result in the discovery of an economic ore deposit. Even if an apparently viable deposit is identified, there is no guarantee that it can be economically exploited.

6.3 Resource Estimates

Resource estimates are expressions of judgement based on knowledge, experience and industry practice. Estimates which were valid when originally calculated may alter significantly when new information or techniques become available. In addition, by their very nature, resource estimates are imprecise and depend to some extent on interpretations, which may prove to be inaccurate. As further information becomes available through additional fieldwork and analysis, the estimates are likely to change. This may result in alterations to development and mining plans which may, in turn, adversely affect the Company's operations.

6.4 Commodity Price Volatility and Exchange Rate Risks

If the Company achieves success leading to mineral production, the revenue it will derive through the sale of commodities exposes the potential income of the Company to commodity price and exchange rate risks. Commodity prices fluctuate and are affected by many factors beyond the control of the Company. Such factors include supply and demand fluctuations for precious and base metals, technological advancements, forward selling activities and other macro-economic factors.

Furthermore, international prices of various commodities are denominated in United States dollars, whereas the income and expenditure of the Company are

and will be taken into account in Australian currency, exposing the Company to the fluctuations and volatility of the rate of exchange between the United States dollar and the Australian dollar as determined in international markets.

6.5 Environmental Risks

The operations and proposed activities of the Company are subject to State and Federal laws and regulation concerning the environment. As with most exploration projects and mining operations, the Company's activities are expected to have an impact on the environment, particularly if advanced exploration or mine development proceeds. It is the Company's intention to conduct its activities to the highest standard of environmental obligation, including compliance with all environmental laws.

In this regard, the Department of Industry & Resources in Western Australia from time to time reviews the environmental bonds that are placed on tenements. The Directors are not in a position to state whether a review is imminent or whether the outcome of such a review would be detrimental to the funding needs of the Company.

6.6 Title Risks and Native Title

Interests in tenements in Australia are governed by the respective State legislation and are evidenced by the granting of licences or leases. Each licence or lease is for a specific term and carries with it annual expenditure and reporting commitments, as well as other conditions requiring compliance. Consequently, the Company could lose title to or its interest in tenements if licence conditions are not met or if insufficient funds are available to meet expenditure commitments.

It is also possible that, in relation to tenements which the Company has an interest in or will in the future acquire such an interest, there may be areas over which legitimate common law native title rights of Aboriginal Australians exist. If native title rights do exist, the ability of the Company to gain access to tenements (through obtaining consent of any relevant landowner), or to progress from the exploration phase to the development and mining phases of operations may be adversely affected.

The Directors will closely monitor the potential effect of native title claims involving tenements in which the Company has or may have an interest.

6.7 Additional Requirements for Capital

The Company's capital requirements depend on numerous factors. Depending on the Company's ability to generate income from its operations, the Company may require further financing in addition to amounts raised under the capital raising. Any additional equity financing will dilute shareholdings, and debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations and scale back its exploration programs as the case may be.

General Risks

6.8 Economic Risks

General economic conditions, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's

exploration, development and production activities, as well as on its ability to fund those activities.

Further, share market conditions may affect the value of the Company's quoted securities regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- (a) general economic outlook;
- (b) interest rates and inflation rates;
- (c) currency fluctuations;
- (d) changes in investor sentiment toward particular market sectors;
- (e) the demand for, and supply of, capital; and
- (f) terrorism or other hostilities.

6.9 Market Conditions

The market price of the Company's securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general and resource exploration stocks in particular. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

6.10 Operating Risks

The operations of the Company may be affected by various factors, including failure to locate or identify mineral deposits, failure to achieve predicted grades in exploration and mining, operational and technical difficulties encountered in mining, difficulties in commissioning and operating plant and equipment, mechanical failure or plant breakdown, unanticipated metallurgical problems which may affect extraction costs, adverse weather conditions, industrial and environmental accidents, industrial disputes and unexpected shortages or increases in the costs of consumables, spare parts, plant and equipment.

Having been incorporated on 30 October 2006, the Company has limited operating history. No assurances can be given that the Company will achieve commercial viability through the successful exploration and/or mining of its tenement interests. Until the Company is able to realise value from its projects, it is likely to incur ongoing operating losses.

6.11 Reliance on Key Management

The responsibility of overseeing the day-to-day operations and the strategic management of the Company depends substantially on its senior management and its key personnel. There can be no assurance given that there will be no detrimental impact on the Company if one or more of these employees cease their employment.

6.12 Investment Speculative

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Securities offered

under this Prospectus. Therefore, the Securities to be issued pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those securities.

Potential investors should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for Securities pursuant to this Prospectus.
